BOSS International

FROM: Randy Greer, Engineer VI *RKG*
Sediment & Stormwater Program

RE: BOSS StormNET Use in Delaware

Dear Ms. Rohde,

Thank you for your inquiry regarding the use of BOSS International's StormNET software. StormNET was evaluated by our program and approved for use in December 2007. It is approved for performing hydrologic calculations to meet the regulatory requirements of the Delaware Sediment & Stormwater Regulations for both the NRCS Standard Dimensionless Unit Hydrograph as well as the Delmarva Unit Hydrograph, including reservoir and reach routing. If you or any of your prospective customers have any questions regarding this matter, please do not hesitate to contact me.

Delaware's good nature depends on you!
